- Diagnostic testing
- Referral to other health care providers as necessary

Clinic Hours

Weekdays from 8:30 a.m. to 3:30 p.m.
Contact your case manager for the specific hours and days at your agency.

How to schedule an appointment

To schedule an appointment, contact your case manager. Your case manager will help you complete the necessary forms. Bring a list of your medications and your insurance card if you have one.

Fees

You will be treated regardless of payment abilities. You will receive a bill for the services. If you are unable to pay for services, a representative from our accounting department will work with you regarding payment options. Our patient billing department can be reached at 513-585-9009.

The nurse practitioners

The nurse practitioners, Susan Rivers-Payne, RN, MSN, CNP and Julie Holland, RN, MSN, CNP are health care providers with education and experience in both primary health care and mental health. The nurse practitioners understand the unique needs of mental health consumers and are dedicated to helping clients achieve their health goals. The nurse practitioners realize that if you feel bad physically, or even have a silent health problem, it may affect other aspects of your life. Therefore, they conduct thorough examinations during the first visit and schedule appointments for regular check-ups. The nurse practitioners will be your primary source for medical management.

Further Information

For additional information, contact Susan Rivers-Payne at 513-585-8433. She will return your call in a timely manner.

Support

This program is supported in part by grants from:

The Health Foundation of Greater Cincinnati

The Mental Health Board of Cincinnati
